

Engineers the world with Expertise and Hard Work

- Based in **China Steel Tower Base**, Hebei Province, near Beijing.
- Factory Area **66,000 m²**
- **200+** sets of production machines
- Annual capacity of **50,000 tons**
- **11 R&D experts.**
- **200+** skilled workers

Product **Guyed Tower (grounded or rooftop)**

Height	As per request
Material	GB Q235B(A36), 50*4-60*4 or equivalent
Basic Wind speed	180km/h_3 second gust or as per design
Antenna Type	GSM, RRU,CDMA, MW etc.
Antenna load	As per request
Surface treatment	Hot dip galvanized/Painting/Spray
Dsign standard	GB / ANSI / TIA-222-G
Welding Standard	AWSD1.1
Color	As per request
Anti-seismic Grade	8
Nuts and Bolts	Gr 6.8 and 8.8
Service life	30/50 years

Trail Assembly

All finished parts need to be checked

For each order, we will do trail assembly before mass production to avoid any quality flaw.

To Be Reliable

Surface Treatment

As Per Request

Hot-dip Galvanization

ASTM/A123

GB/T 13912-2002

EN ISO 1461

Painting

RAL color can be tailored

Spray

RAL color can be tailored

Packing

Steel Stripe

For Fastening

Oil Platstic

For Waterproof &
Moisture-proof

Steel Bar

To Fix the Goods

Binding Strap

For Strengthening

Customized Packing

Model (Turbine base)

To fabricate the product more accurately

For each order, we will do as much we can to make sure that the product we produce can totally function well.

So for some projects, we will make a model to help process the parts more accurately and in high efficiency
