

# JUN JIANG

Engineers the world with Expertise and Hard Work

- Based in China Steel Tower Base, Hebei Province, near Beijing.
- Factory Area 66,000 m<sup>2</sup>
- 200+ sets of production machines
- Annual capacity of 50,000 tons
- 11 R&D experts.
- 200+ skilled workers

Product	Monopole Tower
Height	As per request
Shape	Polygonal (6-18 sides)
Material	Q355B & Q235B or A36/A572 Gr50/S355JR
Design Standard	GB / ANSI / TIA-222-G
Thickness	5-30mm
Basic Wind speed	180km/h_3 second gust or as per design
Foundation Type	Independent Foundation / Raft Foundation / Pile Foundation
Antenna Type	GSM, RRU,CDMA, MW etc.
Connection of sections	Overlap / Flange connection
Welding Standard	AWSD1.1
Surface treatment	Hot dip galvanized/Painting/Spray
Anti-seismic Grade	8
Color	As per request
Nuts and Bolts	Gr 6.8 and 8.8
Service life	30/50 years
